## Tiempo Wall

Tiempo Wall brings the natural elegance of stone to walls, with textured surfaces and refined decorations. Alongside the 30x90 cm format, the new 20x60 cm size is added, ideal for compact spaces. Among the new features, the 3D Flare structure and the Biophilia Warm, Biophilia Cold and Patchwork decorations enrich the collection with distinctive reliefs and decorative patterns. The proposal is completed by the 3D Saw structure and the Forest decoration, for residential and commercial spaces in a coordinated total look with the Tiempo floor tile.
