

STONE EFFECT

**True XT20**  
Collection

## True XT20

True XT20 is the 20 mm thick porcelain stoneware solution designed for outdoor spaces. Available in 60x60 size and in the four colors of the True collection – Ivory, Beige, Grey and Greige – it combines natural aesthetics with outstanding technical performance. Ideal for dry installation on grass, sand, gravel or for creating driveable surfaces, True XT20 ensures durability, safety and seamless style between indoors and outdoors.

### Caratteristiche Tecniche

-  Frost proof
-  Resistance deep abrasion

### Destinazioni d'uso

**D**  
Tiles suitable only for residential bathrooms and bedrooms; any type of abrasion must be avoided.

**E**  
Tiles suitable for any room of a house except for entrance areas and kitchens. Low stress abrasive wear.

**F**  
Tiles suitable for any room of a house without direct access from the outside or access not protected by doormats. Average stress abrasive wear.

### Variazioni cromatiche

**V0**  
Monochromatic - V0: tiles of the same shade are very uniform, in just one colour

**V1**  
Uniform appearance - V1: uniform colour with only minimal differences between tiles in the same production run

**V2**  
Slight variation - V2: clearly distinguishable differences in texture and pattern within the same production run

**G**  
Materials suitable for rooms subject to medium-heavy abrasion, such as detached houses and light-traffic commercial buildings.

**H**  
Materials suitable for situations of relatively hard abrasion in environments without protection against scratching, both public and private.

**V3**  
Moderate variation - V3: significant variation in texture, pattern and colour from tile to tile within the same production run. The colour range should be viewed before selecting the material

**V4**  
Substantial/random variation - V4: random differences from tile to tile. One tile may have totally different texture and colour from another. The colour range should be viewed before selecting the material
